

## Orange County Buddhist Church Social Hall – Office Building

Architect: MKA Architecture & Planning

Project Value: \$3.7 million

Location: Los Angeles, CA

Square Feet: 12,300

**Project Summary:** The Orange County Buddhist Church project required close collaboration with the design professionals in order to maximize the value delivered with the resources available. The project involved the demolition of the existing Social Hall, construction of the new 12,300 square foot Social Hall, and 17,500 square feet of site development. The new Social Hall included a full service commercial kitchen, offices, conference rooms, studio, and storage area. The floor was exposed concrete, polished and sealed with an epoxy finish. Features that were engineered into this project included, a connecting bridge, elevator, and a scenic view balcony.
